

Hydrometer with 3 scales

The ideal hydrometer for all wine and beer makers.

With 3 coloured scales: density, sugar content and potential alcohol degree.

Scale	Range	Unit	Division
Specific gravity	0.990-1.170	SpGr	2
Sugar	0-360	g/L	5
Alcohol Volume %	0-20	%vol	0,5

It should be used at 20°C (liquid temperature)!

Large accurate model.

Length: 26 cm.

!! Needs a glass measuring cylinder of 200 ml (014.023.6), 250 ml (014.005.3) or a plastic measuring cylinder.
